Square Peg In A Round Hole Karl Bone

I have written this book for those who have never really felt comfortable with the image they portray to the world—for those who have felt deep down that there was a big hole which nothing could fill. It's not a book for those looking to achieve successful career outcomes, or for those who wish to roll about in gold and diamonds with princes and princesses. And it's certainly not for those who seek spiritual powers or Zen-like indifference. This book does not attempt to give explicit directions for a defined path. In fact, I urge the reader to follow their own path. I do not discuss any philosophies in great depth, except when they are needed to explain something which conventional language cannot describe.

This is an autobiography of an ordinary, everyday person from a moderately dysfunctional family that I'm sure many people can easily identify with. There are no journeys to ashrams in the East, no living in caves or anything at all exotic—just the usual work, hobbies and hassles of everyday living, which include a method of how to live in harmony with these routines and with yourself.

If you feel like you don't fit somehow, that you were meant for something more, or that you're acting out a part in some huge play that doesn't really reveal who you are, then this is written for you. If religion leaves you cold and uncomfortable—so much so that God seems like an odd fairy tale—then this might help.

I started writing because I realised that most of the books I've read contain plots driven by fictional characters. These books are useful as metaphors and parables, but the stories come across as too neat and tidy. Other books chronicle the journeys of seekers who visit gurus that live on cave floors in remote places. None of these books seem to capture the ordinary, everyday person who might just be stuck in a rut, so I decided to write about the only seeker that I knew with any intimacy, and that was me.

I hope you enjoy the book; I thank you for your custom. I wish you well on whatever path you are following and hope this meagre writing might be a tiny, guiding light on your journey.
