## **Best Riddles Ever** Manik Joshi

This book is a collection of 200 riddles. I have included all kinds of riddles in this book. You will find challenging riddles, funny riddles, brain riddles, word riddles, math riddles, tough riddles, easy riddles, etc. in this book.

These riddles have been compiled through various sources both online and offline. Unfortunately I have been unable to find 'original' source of these riddles. The majority of these riddles are based on content that is freely available in the public domain. After being repeated hundreds of millions of times in various formats, it is just not possible to identify authors anyway. If anyone feels they have a valid claim to the copyright ownership of the roots of any riddle contained herein, please contact me with supporting evidence. Credit will be given in next edition.

006. Crossing a Bridge

RIDDLE:

A large truck is crossing a bridge which is one mile long. The bridge can only hold 14000 lbs, which is the exact weight of the truck. The truck makes it half way across the bridge and stops. A bird lands on the truck. Does the bridge collapse? Give a reason.

SOLUTION:

No, it does not collapse. Because it has driven a half mile - you would subtract the gas used from the total weight of the truck.
