I hope this book helps young adults and others of all ages to have a better understanding of their purposes in life, to clearly see what is important to them, and to be rewarded for their efforts. This book describes the beginning of an ongoing experience. The joy is in the process. At each plateau, we find new endeavors to conquer. As we grow and succeed, our destinations expand. They are infinite. The world continues to be competitive and complicated. People of every age are looking for quick answers and easy solutions to these challenges. There are many experiences in a lifetime, and this book is purposely written from experience to bring you success in several aspects of life. It focuses on saving you time and energy in specific ways to bring happiness and satisfaction to your life. Each topic is addressed briefly, includes a conclusion and a quote and is often followed by an anecdote from my life and the lives of my mentors, family and friends. I urge you to launch your own exploration on each of the topics and come to your own conclusions. My wish is that these topics become a compass for you throughout your life.
