Sichere Multi-Faktor-Authentifizierung an Smartphones mithilfe des Tippverhaltens (Autouni Schriftenreihe) (German Edition) Matthias Trojahn

Matthias Trojahn hat das Ziel, mit dieser Studie die sichere biometrische Authentifizierung eines Nutzers am Smartphone zu prüfen. Neben einer Verbesserung der bestehenden Prozessschritte der biometrischen Authentifizierung zur Fehlerreduktion für die textabhängige Erkennung, stellt der Autor Konzepte zur geratespezifischen und -übergreifenden Identitätsprüfung vor und belegt deren Nutzbarkeit durch Studien. Darüber hinaus geht er auf die Erkennung von Szenarien und deren Transformation in andere Szenarien ein. Die vorgestellten Konzepte im Zusammenhang mit den erreichten Fehlerraten gestatten die Verwendung des Tippverhaltens als erweiterte Sicherheitsmethode zusätzlich zum Passwort. Praktisch bedeutet dies, dass die biometrische Authentifizierung allein mit den biometrischen Merkmalen erfolgen kann, die während der Passworteingabe erfasst werden. Mit der vorgestellten Methode kann also eine Zwei-Faktor-Authentifizierung am Smartphone erreicht werden.

From reader reviews:

Clara Lee:

Have you spare time for just a day? What do you do when you have much more or little spare time? Sure, you can choose the suitable activity intended for spend your time. Any person spent their particular spare time to take a go walking, shopping, or went to the Mall. How about open or perhaps read a book eligible Sichere Multi-Faktor-Authentifizierung an Smartphones mithilfe des Tippverhaltens (Autouni Schriftenreihe) (German Edition)? Maybe it is to get best activity for you. You know beside you can spend your time together with your favorite's book, you can smarter than before. Do you agree with it is opinion or you have additional opinion?

Robert Pinkerton:

In this 21st one hundred year, people become competitive in each and every way. By being competitive today, people have do something to make these survives, being in the middle of the particular crowded place and notice by simply surrounding. One thing that often many people have underestimated it for a while is reading. Yes, by reading a e-book your ability to survive boost then having chance to stay than other is high. For you personally who want to start reading some sort of book, we give you this Sichere Multi-Faktor-Authentifizierung an Smartphones mithilfe des Tippverhaltens (Autouni Schriftenreihe) (German Edition) book as beginning and daily reading e-book. Why, because this book is greater than just a book.

Colleen Harman:

Reading a publication tends to be new life style in this particular era globalization. With reading you can get a lot of information that will give you benefit in your life. Along with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Many author can inspire all their reader with their story or maybe their experience. Not only the story that share in the guides. But also they write about the knowledge about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors these days always try to improve their expertise in writing, they also doing some exploration before they write for their book. One of them is this Sichere Multi-Faktor-Authentifizierung an Smartphones mithilfe des Tippverhaltens (Autouni Schriftenreihe) (German Edition).

Kenneth Connolly:

People live in this new moment of lifestyle always attempt to and must have the spare time or they will get lot of stress from both day to day life and work. So , when we ask do people have extra time, we will say absolutely without a doubt. People is human not really a robot. Then we ask again, what kind of activity do you possess when the spare time coming to you actually of course your answer may unlimited right. Then ever try this one, reading textbooks. It can be your alternative throughout spending your spare time, the actual book you have read is Sichere Multi-Faktor-Authentifizierung an Smartphones mithilfe des

Tippverhaltens (Autouni Schriftenreihe) (German Edition).
