## **The Persecution of Others: When the others are you who will help you then?** Ms Justine Linden

This is based on a true story about a girl called Justine that has learning difficulties who has immigrated to Canada in the early eighties with her family to a province that is in great conflict with itself. She is caught up in a world that due to its history of persecution and bigotry has neglected the needs of the most vulnerable children. She is accompanied on her journey by her identical twin sister Samantha. The vulnerable child is protected and nurtured by her twin who is strong willed, articulate and a force to be reckoned with, a young girl who is academically and emotionally beyond her years and most adults. Along her journey of growing up in Quebec she is also protected by two Catholic schools (St Jude and Vaudreuil Catholic High School) that hide her and her twin within their academic walls and who eventually help her to learn to read and write despite her debilitating learning difficulties. Careers and lives of these teachers and faculty are potentially put at risk by saving the life of this vulnerable child, and because of this act of mercy these people are bonded together forevermore. The choice these teachers make is an act of love and a miracle because some of them are Parti-Quebecois supporters and yet they still chose the needs of a child over their own beliefs. To these young innocent girls Quebec is both the persecutor and the protector and as the story ventures further down the rabbit hole of their childhood you discover that their adopted Country and province have saved both of these children from a worse fate of their native country England. The book is co-written by the twin sister Samantha and this allows the reader the opportunity to see the circumstances that these children face from both sides. The perspective of an intelligent and articulate child's as well as that of the child that is struggling with her learning difficulties. The bigotry they face is on many levels and in both countries for different reasons thus showing the true nature of bigotry itself. More importantly it is a story of triumph over adversity, love, compassion and forgiveness.
