Wake Me In The Future Alex Oldham

It's been over a thousand years since his family mourned his death. But Richard Green is alive again, and desperate to find his wife. Is she among the thousands still waiting to be revived? Or has he lost her forever? He doesn't know, but for some reason, his attempts to find out are being deliberately blocked by some of the people around him. Some of whom are not what they seem. In fact, some of them aren't even people at all! After encountering a group of protesters it becomes obvious that the only chance of finding what's happened to her is to help them, and that's when he finds himself at the centre of a struggle that spans more than one Earth and threatens his very existence. But if putting his life on the line is the only way he can find out what's happened to Helen, that's what he's prepared to do. In a world full of immortals, someone has to die!
