In Detail

Have you ever had an interesting idea for a mobile game? Have you ever wanted to jump on the mobile app bandwagon? Developing a mobile game has never been so fun and easy, and with the vast amount of smartphone users, it may also become a profitable thing to do. Gideros is a Lua-based framework that facilitates effortless native iOS and Android application development along with hardware acceleration. Gideros also comes with a built-in box2D physics engine and extended memory management features to make mobile game development a breeze.

Gideros Mobile Game Development shows you how to develop an original and exciting game in Gideros, helping you create your very first project and guiding you through the configuration of settings and assets to help you target devices with different resolutions.

This book teaches you everything you need to know about Gideros, from installing Gideros on your operating system to creating and efficiently managing your Gideros projects and creating your very first game, all with the help of well explained examples.

You will learn how to quickly create game prototypes in Gideros, how to test and set up projects to automatically target devices with different resolutions, and how to polish your prototype with animations, sounds, tweens, and even physics to create your very first cross-platform game.

By the end of this book, you will have learned everything you need to create visually stunning physics and exciting cross-platform games using Gideros.

Approach

This book is a detailed guide to create and deploy mobile games on multiple mobile platforms with an emphasis on practical examples that help you learn how to make your own games quickly and efficiently.

Who this book is for

This book is for developers who are new to mobile game development or who have tried the native development of mobile games and want a simpler, faster tool that can support a wide variety of platforms and devices. Readers are expected to be at least partially familiar with the Lua game scripting language that Gideros uses for its scripts.

From reader reviews:

Frances Williamson:

The experience that you get from Gideros Mobile Game Development may be the more deep you excavating the information that hide in the words the more you get thinking about reading it. It doesn't mean that this book is hard to understand but Gideros Mobile Game Development giving you excitement feeling of reading. The author conveys their point in particular way that can be understood by simply anyone who read it because the author of this reserve is well-known enough. That book also makes your personal vocabulary increase well. Making it easy to understand then can go with you, both in printed or e-book style are available. We recommend you for having this specific Gideros Mobile Game Development instantly.

Charlie Bowers:

Precisely why? Because this Gideros Mobile Game Development is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will surprise you with the secret the item inside. Reading this book beside it was fantastic author who else write the book in such incredible way makes the content interior easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of rewards than the other book have got such as help improving your skill and your critical thinking way. So , still want to hesitate having that book? If I had been you I will go to the guide store hurriedly.

Kathleen King:

Playing with family in a park, coming to see the water world or hanging out with buddies is thing that usually you may have done when you have spare time, then why you don't try factor that really opposite from that. One particular activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Gideros Mobile Game Development, you could enjoy both. It is good combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout guys. What? Still don't get it, oh come on its identified as reading friends.

Maurice Neely:

Reading a book to be new life style in this 12 months; every people loves to go through a book. When you read a book you can get a lot of benefit. When you read publications, you can improve your knowledge, since book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. In order to get information about your research, you can read education books, but if you act like you want to entertain yourself read a fiction books, such us novel, comics, and soon. The Gideros Mobile Game Development will give you a new experience in reading a book.
