Black Children: Social, Educational, and Parental Environments 2nd Edition

Black Children: Social, Educational, and Parental Environments 2nd Edition

Black Children, Second Edition collects current empirical research unique to the experiences and situations of black children and their parents. This volume explores the meaning of this duality in four distinct environments: socioeconomic, parental, internal, and educational. The complex picture that emerges discredits many of the myths that surround black childhood development and initiates in-depth exploration into the diversities of the African American experience.
