High Pressure System: Part One K.D. Kinney

No one knows why they have to evacuate. What they do know is people all over the world have died and it has something to do with the weather.

Rachel is a shy wallflower and typical college student when she's evacuated with a bunch of people she doesn't know to an underground bunker in the desert. Her family is far away and she can't contact them anymore. The only comfort she brings with her are her dogs.

Everyone is struggling to settle in because they still don't understand exactly what they are hiding from. However, Rachel and her new father figure, Jim suspect it has something to do with technology controlled weather.

The genius guy in charge seems to know everything, but the only information he is giving out is apartment assignments and an expanding list of rules.

Rachel is determined to capture his attention to find out what it is they are hiding from. However, it might be more information than anyone can handle.

Please note- This is considered a one hour read. Part One of a Serial. All four parts to the First Season are available now. Also available Part Five, the beginning of Season Two.

From reader reviews:

Jessica Bradsher:

This High Pressure System: Part One book is not ordinary book, you have it then the world is in your hands. The benefit you have by reading this book is usually information inside this publication incredible fresh, you will get details which is getting deeper you read a lot of information you will get. This specific High Pressure System: Part One without we know teach the one who reading it become critical in thinking and analyzing. Don't end up being worry High Pressure System: Part One can bring when you are and not make your tote space or bookshelves' turn into full because you can have it inside your lovely laptop even cell phone. This High Pressure System: Part One having great arrangement in word as well as layout, so you will not feel uninterested in reading.

Annette Spafford:

Reading a book tends to be new life style in this era globalization. With reading you can get a lot of information that will give you benefit in your life. Together with book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Many author can inspire their very own reader with their story or their experience. Not only the storyplot that share in the books. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their ability in writing, they also doing some analysis before they write on their book. One of them is this High Pressure System: Part One.

Gary Games:

Playing with family in a park, coming to see the sea world or hanging out with buddies is thing that usually you will have done when you have spare time, in that case why you don't try factor that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love High Pressure System: Part One, you are able to enjoy both. It is excellent combination right, you still need to miss it? What kind of hang-out type is it? Oh seriously its mind hangout fellas. What? Still don't have it, oh come on its called reading friends.

Lorene Williamson:

Are you kind of stressful person, only have 10 or perhaps 15 minute in your moment to upgrading your mind proficiency or thinking skill actually analytical thinking? Then you have problem with the book as compared to can satisfy your short space of time to read it because all of this time you only find publication that need more time to be go through. High Pressure System: Part One can be your answer since it can be read by anyone who have those short free time problems.
