Build a traditional wood-fired clay oven: A Step-by-step guide Simon Brookes

A comprehensive and practical guide containing everything you need to know in order to construct your own beautiful, traditional clay oven (pizza oven). Fully illustrated throughout, this eBook will help you choose and source the correct materials before providing detailed, step-by-step instructions on how to construct, and then cook with a wood-fired clay oven. No previous construction experience is required.

Testimonials

"Thanks for the guide Simon. So far its cooked divine pizzas, (2:30s per pizza, 12 pizzas in one evening) beercan chicken, and your own Moroccan lamb (sort of, lamb shanks coated in a mix of natural yoghurt and tesco "ras al hanout" rub) and its been a fantastic success." Tony, UK.

"It's been a great help and inspiration to me and my mate" Dave, UK.

"Hi Simon. We have just had our first pizza and you didn't promise too much, it was superb!!" Lisbeth, Denmark

"Thanks for the great instructions." James, UK.

"Wow. it's amazing that your book and this blog exist. it is incredibly detailed and helpful. I can't wait to start on one" Melanie, California

"You are a legend. Your book and website are great. They were my constant companions through my recent building project. Thank-you for all the tips! And helping me build up the courage to get started." Geoff, Australia

"We thought it was an ideal opportunity to let you know how much we appreciated your book in the making of this most fan dabby oven. We could never have achieved it without your help. Everyone should make one if only for the good fun we have had the last 4 weeks. Once again thanks!" Liz, UK

From reader reviews:

Dirk Sullivan:

Have you spare time for a day? What do you do when you have far more or little spare time? Yep, you can choose the suitable activity to get spend your time. Any person spent all their spare time to take a stroll, shopping, or went to the actual Mall. How about open or even read a book entitled Build a traditional wood-fired clay oven: A Step-by-step guide? Maybe it is for being best activity for you. You already know beside you can spend your time together with your favorite's book, you can wiser than before. Do you agree with their opinion or you have additional opinion?

Maria Freeman:

What do you consider book? It is just for students as they are still students or the idea for all people in the world, what best subject for that? Merely you can be answered for that issue above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't desire do that. You must know how great along with important the book Build a traditional wood-fired clay oven: A Step-by-step guide. All type of book would you see on many methods. You can look for the internet methods or other social media.

Jennifer Bell:

This Build a traditional wood-fired clay oven: A Step-by-step guide is great guide for you because the content which is full of information for you who have always deal with world and possess to make decision every minute. This particular book reveal it info accurately using great coordinate word or we can declare no rambling sentences in it. So if you are read this hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but hard core information with splendid delivering sentences. Having Build a traditional wood-fired clay oven: A Step-by-step guide in your hand like keeping the world in your arm, details in it is not ridiculous one. We can say that no e-book that offer you world within ten or fifteen moment right but this book already do that. So , this can be good reading book. Hi Mr. and Mrs. occupied do you still doubt which?

Diana Gum:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's soul or real their pastime. They just do what the professor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Build a traditional wood-fired clay oven: A Step-by-step guide can make you really feel more interested to read.
