La Terre Vue de l'Espace 2017: Images Satellites de l'Observatoire de la Terre de la NASA (Calvendo Science) (French Edition) Calvendo

Douze photos fascinantes, prises de satellites juste au-dessus de nos têtes : insolites telles que des tourbillons de blocs de glace au pôle Nord, des implantations bien ordonnées au Pakistan, le Popocatepetl au Mexique, un delta fluvial au Canada, des terres cultivées de la taille d'un pixel en Egypte et bien d'autres photos exceptionnelles encore, qui viennent souligner la beauté de notre planète, la terre, ainsi que la force créatrice de l'être humain. Les calendriers Calvendo sont des produits haut de gamme - avec ces plus qui font la différence : nos calendriers présentent bien toute l'année grâce à leur papier de qualité supérieure et leur reliure à spirales pour une manipulation des pages plus aisée et une tenue parfaitement droite contre le mur. Un film plastique transparent protège la couverture de ces calendriers toujours plus solides, qui se déclinent désormais en cinq langues. Offrez-vous un calendrier Calvendo qui reste beau tout au long de l'année.
