Nietzsche on Ethics and Politics Maudemarie Clark

This volume brings together fourteen mostly previously published articles by the prominent Nietzsche scholar Maudemarie Clark. Clark's previous two books on Nietzsche focused on his views on truth, metaphysics, and knowledge, but she has published a great deal on Nietzsche's views on ethics and politics in article form. Putting those articles -- many of which appeared in obscure venues -- together in book form will allow readers to see more easily how her views fit together as a whole, exhibit important developments of her ideas, and highlight Clark's distinctive voice in Nietzsche studies. Clark provides an introduction tying her themes together and placing them in their broader context.
