The Bahcivan Affair David Taylor

Gardener is not a soldier. Gardener is not a warrior. He's much more than that. The age of modern warfare is a frightening one, and old tactics just don't work anymore. But true change won't come about by playing inside the system. The only way to usher humanity into a future worth having is to bleed it dry, break it down, and rebuild it — brick by proverbial brick. And Gardener isn't just the wrecking crew; he's the architect. Is he the right man for the job? Some people, maybe even most people, would say no. But when the true powerhouses of the world are making their lives and their fortune by terrorizing the civilian population ... Who better than an Anti-Terrorist Unit to take them down?
