Risk-Pooling Essentials: Reducing Demand and Lead Time Uncertainty (SpringerBriefs in Business)

Gerald Oeser

This book provides comprehensive and concise definitions of risk pooling and risk-pooling methods, a straightforward statistical explanation, and a value-chain oriented framework for analyzing risk-pooling methods. Risk pooling mitigates demand and lead time uncertainty in logistics and supply chain management. The author also provides readers with a downloadable computerized decision support tool to compare and choose appropriate risk-pooling methods and to apply them in companies. Students and practitioners of logistics and supply chain management will find this book particularly useful.

From reader reviews:

James Oliver:

As people who live in the particular modest era should be upgrade about what going on or facts even knowledge to make them keep up with the era that is certainly always change and move forward. Some of you maybe will certainly update themselves by studying books. It is a good choice in your case but the problems coming to you actually is you don't know what one you should start with. This Risk-Pooling Essentials: Reducing Demand and Lead Time Uncertainty (SpringerBriefs in Business) is our recommendation so you keep up with the world. Why, as this book serves what you want and wish in this era.

Natalie White:

Reading a reserve can be one of a lot of task that everyone in the world adores. Do you like reading book thus. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new information. When you read a guide you will get new information simply because book is one of several ways to share the information as well as their idea. Second, reading a book will make you more imaginative. When you examining a book especially fiction book the author will bring you to imagine the story how the people do it anything. Third, it is possible to share your knowledge to some others. When you read this Risk-Pooling Essentials: Reducing Demand and Lead Time Uncertainty (SpringerBriefs in Business), you may tells your family, friends in addition to soon about yours guide. Your knowledge can inspire the mediocre, make them reading a guide.

Meredith Daugherty:

Why? Because this Risk-Pooling Essentials: Reducing Demand and Lead Time Uncertainty (SpringerBriefs in Business) is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will distress you with the secret that inside. Reading this book close to it was fantastic author who also write the book in such incredible way makes the content inside of easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This excellent book will give you a lot of positive aspects than the other book have got such as help improving your ability and your critical thinking method. So , still want to hold up having that book? If I were you I will go to the reserve store hurriedly.

Robert Victor:

Reading a book to become new life style in this calendar year; every people loves to go through a book. When you learn a book you can get a wide range of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information into it. The information that you will get depend on what types of book that you have read. If you need to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, this sort of us novel,

comics, along with soon. The Risk-Pooling Essentials: Reducing Demand and Lead Time Uncertainty (SpringerBriefs in Business) provide you with new experience in reading a book.
