In-computer editing is now as important as in-camera shooting; this book provides ingenious creative techniques to immediately enhance images through this medium.

Presents 75 comprehensive workshops that have been specifically designed for photographers; each offers a clever and creative technique that can be immediately applied.

Takes a specific, unique slant to provide a wide range of creative tips and tricks designed to appeal primarily to photographers, but also to other 'creatives' using the programme.

From basic techniques to more advanced, all guidance is 'best practice' and shown via clear explanatory texts, photos, 'before, during and after' manipulations and screen grabs.
