Combining the expertise of 16 internationally renowned contributing authors--some working in universities, others in equine practice--this Color Review provides comprehensive coverage of all aspects of equine internal medicine. Topics covered include neurology, cardiology, respiratory disease, gastroenterology, urology, infectious diseases, parasitology, hematology, oncology, endocrinology, reproduction, dermatology, ophthalmology and clinical nutrition in foals and adult horses. The cases appear in random order, just as they would in real life, and the book will appeal both to those preparing for examinations and to practicing professionals.
