Vanished! How to Protect Yourself and Your Children Leon Ives

"*Vanished! How to Protect Yourself and Your Children*" is not just a book, it is a step-by-step guide that will teach you how to protect both yourself and those you love or care about. It can even assist businesses and institutions. The topics addressed in this life-saving book are missing person incidents along with violent and sexual assaults, which are often interrelated. All three issues account for several million victims *every year*. When you include grieving family members the numbers more than double. Who are the most vulnerable? Our children and women, but we are all at risk. Related statistics are broken down for better understanding and so are common myths and distortions regarding these topics and statistics.

The primary objective of this book is to *prevent* a disappearance or assault from ever happening. The second objective is to find a missing loved one as *quickly* as possible should they suddenly disappear--for whatever reason. Third, learn how to deal with an incident and cope with the aftermath of a tragedy--both the victim and family. Lastly, discover how you can become a victim advocate and together we can easily save hundreds of thousands of precious, irreplaceable lives *every year*.

Along with a *free* security plan, that can be easily personalized, this unique and powerful book addresses a wide variety of serious crimes and issues while providing detailed explanations. You will be given professional advice for countering various threats and most importantly avoiding human predators. The simple and inexpensive security measures suggested in this book can easily be incorporated into your everyday life and will help protect infants, younger children, teenagers, adults, the elderly, and those with special needs. This critical information applies to home, work, school, dating, social activities, and while traveling about here at home or even in a foreign country--anywhere you go and anything you do. Learn how easy it is to become a *hard target* versus a soft target.

This is a truly comprehensive book when it comes to awareness and prevention; and not just about safety and security, but about the realities of *life*. Learn what you need to know about all disappearances and assaults including: miscommunication, various mishaps, runaways, kidnappings, robberies, physical assaults, rape, bullying, stalking, violent and sexual predators, human trafficking, forced prostitution and pornography, internet cyber-crimes and cyber-predators, social media threats, identity theft, computer security, and much, much more. It is all here in one book.

Learn what law enforcement and the courts can and cannot do; and where to find many other crucial resources for help. More importantly know what *you* can do to survive in a rather dangerous and violent world. It is not up to the police or others to protect our loved ones. It is *our* responsibility. Do not allow someone you love or care about to become a victim. Learn exactly how to keep yourself and those you love safe and secure. Leon Ives, the author, has over forty years of professional training and experience in law enforcement, criminal investigations, counterintelligence, national security, and private security.

Visit Amazon.com and query "Leon Ives" to read the book summary and the many excellent reviews. The 2014, large print "Second Revision" has been updated with twice the information and reorganized for a better read. Please contact the author at leon.ives@gbpservicesinc.com to discuss a replacement copy if you have one of the earlier versions.

This extraordinary life-saving book will make a truly remarkable gift for family and friends, even

employees and customers. Stay safe!

Donna Nichols:

Can you one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Attempt to pick one book that you never know the inside because don't ascertain book by its handle may doesn't work this is difficult job because you are frightened that the inside maybe not since fantastic as in the outside seem likes. Maybe you answer may be Vanished! How to Protect Yourself and Your Children why because the fantastic cover that make you consider concerning the content will not disappoint you actually. The inside or content is definitely fantastic as the outside or even cover. Your reading sixth sense will directly direct you to pick up this book.

Jack Murray:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Vanished! How to Protect Yourself and Your Children can make you sense more interested to read.
