Do You Really Want To Be a Successful Online Dater? Online dating is an excellent topic. Almost everyone has some experience with it, or, at least, knows someone who has some involvement with it. Love Click is neither a book for comparing different dating services by price nor for providing tips and tricks such as uploading your best photo and introduction lines. Instead, the book introduces the hilarious, sad or unusual adventures of 13 ladies following their first date with a Prince Charming; a slice of life of 13 different characters from Bangkok to Florida, from Switzerland to Budapest. The reader may like or dislike the heroes, but be prepared for an emotional connection. Most of the stories have an open ending that allows for further examination. The primary intention of Love Click is to entertain. However, wise girls learn from other's mistakes. Are you a wise girl?
