Moxyland Lauren Beukes

A new paperback edition of Lauren Beukes's frighteningly persuasive, high-tech fable that follows four narrators living in a dystopian near-future.

Kendra, an art-school dropout, brands herself for a nanotech marketing program. Lerato, an ambitious AIDS baby, plots to defect from her corporate employers. Tendeka, a hot-headed activist, is becoming increasingly rabid. Toby, a roguish blogger, discovers that the video games he plays for cash are much more than they seem.

On a collision course that will rewire their lives, these characters crackle with bold and infectious ideas, connecting a ruthless corporate-apartheid government with video games, biotech attack dogs, slippery online identities, a township soccer school, shocking cell phones, addictive branding, and genetically modified art. Taking hedonistic trends in society to their ultimate conclusions, Lauren Beukes spins a tale of a utopia gone wrong, satirically undermining the idea of progress as society's white knight.
