Proactive Intelligence: The Successful Executive's Guide to Intelligence John J. McGonagle, Carolyn M. Vella

Traditionally, tapping into the power of competitive intelligence (CI) meant investing in the development of an internal CI unit or hiring outside consultants who specialized in CI. *Proactive Intelligence: The Successful Executive's Guide to Intelligence* offers an alternative: learn how to do it yourself and how to effectively manage the parts you cannot. The tools and techniques that will enable you to produce your own CI for your consumption are out there, and have been honed by decades of work. But, you cannot just adopt them – you have to adapt them.

Why? Because, when you finish reading this book, you will be the data collector, the analyst, and the end-user. Traditional CI is premised on a reactive, two part relationship – a CI professional responding to what an end-user identifies as a need; by doing this yourself you can turn CI from being reactive to being proactive. As the decision-maker, you can get what CI you need, when you need it, and then use it almost seamlessly. Written by two of the foremost experts on CI, *Proactive Intelligence: The Successful Executive's Guide to Intelligence*:

shows where and how CI can help you and your firm,

provides practical guidance on how to identify what CI you need, how to find the data you need, and how to analyze it, and

discusses how to apply CI to develop competitive- and career- advantages.

Each chapter is supported by important references as well as by an additional list of resources to support and supplement your knowledge. *Proactive Intelligence: The Successful Executive's Guide to Intelligence* teaches you how to generate proactive intelligence and use it to advance your business and your career-making it an essential resource for managers and executives, as well as everyone who wishes to integrate CI into their daily work routine.

From reader reviews:

Michael Walsh:

The reason why? Because this Proactive Intelligence: The Successful Executive's Guide to Intelligence is an unordinary book that the inside of the publication waiting for you to snap that but latter it will shock you with the secret this inside. Reading this book close to it was fantastic author who also write the book in such remarkable way makes the content within easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you for not hesitating having this any more or you going to regret it. This amazing book will give you a lot of gains than the other book include such as help improving your ability and your critical thinking approach. So , still want to delay having that book? If I ended up you I will go to the guide store hurriedly.

Daniel Slater:

Beside this particular Proactive Intelligence: The Successful Executive's Guide to Intelligence in your phone, it could possibly give you a way to get nearer to the new knowledge or info. The information and the knowledge you may got here is fresh from the oven so don't always be worry if you feel like an previous people live in narrow commune. It is good thing to have Proactive Intelligence: The Successful Executive's Guide to Intelligence because this book offers to your account readable information. Do you at times have book but you rarely get what it's exactly about. Oh come on, that won't happen if you have this in your hand. The Enjoyable arrangement here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss the idea? Find this book in addition to read it from today!

Ruby Martinez:

That publication can make you to feel relax. This particular book Proactive Intelligence: The Successful Executive's Guide to Intelligence was colourful and of course has pictures on there. As we know that book Proactive Intelligence: The Successful Executive's Guide to Intelligence has many kinds or variety. Start from kids until teenagers. For example Naruto or Private eye Conan you can read and believe you are the character on there. So , not at all of book are generally make you bored, any it makes you feel happy, fun and rest. Try to choose the best book for you personally and try to like reading that.

Thomas Rojas:

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just small students that has reading's soul or real their interest. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Proactive Intelligence: The Successful Executive's Guide to Intelligence can make you

sense more interested to read.
