**Project Risk Analysis and Management Guide 2nd Edition** Association for Project Management  
Risk is present in all project work, whatever the nature of the project, or the environment in which it is undertaken. The Project Risk Analysis and Management Guide 2nd edition, written by the APM Risk Management Specific Interest Group focuses on the risk issues that affect the project manager. It addresses how the risk management process at project level connects to corporate or programme level risk management. This guide offers the latest practices, opportunities, governance, benefits and behavioural issues.
