The Gray Tower Trilogy: Books 1-3 Alesha Escobar

Three full-length Amazon bestselling fantasy novels in one collection: The Tower's Alchemist, Dark Rift, and Circadian Circle.

Be a spy. Save the world.

If only it were that simple.

The Nazis have unleashed occult forces throughout Europe, and the Allies are forced to recruit wizards to help them fight in the streets of Europe and in the shadows.

Among them is the battle weary spy, Isabella George, a Gray Tower dropout trained in Alchemy. Longing for retirement and a life of peace, she accepts one final job—extract a deadly warlock from Nazi occupied France and prevent him from unleashing an alchemical weapon that will devour the continent.

But France is crawling with the Cruenti, vampiric warlocks who feed off other wizards. When things don't go according to plan, one Cruenti sets his deadly eyes on her.

Plans within plans. Plots versus counter-plots. Heists gone wrong, Vatican wizards, and the greatest manipulation of history that has ever been seen, is just a taste of what Isabella George is in for, in this action-packed supernatural spy thriller.
