## **Book Description**

*He lives for the rush...*

Thrill seeking ex-Navy SEAL Adam Torrey loves a good HALO jump. There's nothing better than the exhilaration and freedom of a heart-stopping, high altitude plummet to earth—until he comes face to face with Shannon Reagan, daughter of the billionaire inventor behind the world's most lethal military drone. She's champagne and caviar to Adam's beer and pizza. They have absolutely nothing in common. Except those damned drones...

*She's living the dream...*

Her father's dream. Not that Shannon has a choice. She already has everything she's never wanted. Obscene wealth. Dubious fame. A failed marriage. An unwanted pregnancy. When her father's integrity comes into question, she jumps at the chance to redeem him by accompanying the drone prototypes to Hawaii. Why not? It's a simple flight across the Pacific with Agent Torrey. She'll be in one of her father's corporate jets.

*What could possibly go wrong?*
