This is the research behind the novella in this series, about how Pope Pius XII helped to rescue 84% of Italy's Jews from the Gestapo. The novella is based on 4 years of the author's research in 6 languages, tracking down texts in the original languages, including the Vatican's own Acts and Documents of WWII (online). This research unearthed many heretofore unknown actions that the Pope took to help hide Jews, as described by survivors in interviews and articles and letters.
