TEASING THE TALSONS is a collection of the first two books in the Talson Temptations series. Futuristic erotic romance at its best.

Talson's Wait

Domineering, dangerous and downright huge, Roarke Talson owns Jamie for the next three years. It's 2109, and the government has found a way to deal with the national debt. Indentured service. She might have been duped into debt, but she's not stupid. Jamie made sure to put a no-sex clause in her contract. There's just one problem. She can't stop thinking about her boss. Sexy and commanding, he's the face of her ultimate fantasy, and a nightmare employer. She's met every challenge he's thrown at her and refuses to drop, no matter how hard he works her.

When Jamie does the wrong thing for the right reason, she assumes Talson will throw her in jail and not think twice. In an effort to escape, she ambushes him and flees, but not before taking a kiss and a bit more from the man. She hadn't counted on him getting free so quickly, that he might be half alien, or that he'd hunt her down with more than vengeance on his mind.

Talson's Test

Zaret Talson 'Or Fal--Z--knows what he wants, and it isn't a mate. But when he's besieged by dreams of a sexy woman scorching the skies when she's not entwined with him and his brother, he fears the dreams are a sign of his future. His brother looks forward to the threesome--all the fun without the commitment. Z wants to run the other way, because he'll be tied to her if she proves to be his. He's foreseen it.

Adri 'San Fal may look human, but like Z, she's Otra, an alien species not altogether welcome on Earth. Part of a particular clan of Otra who can handle fire, she's blonde, unlike the majority of her kind. Hiding in plain sight is easy--until her past finds her. Desperate to escape, she runs into the one man destined to be her doom, or her salvation.
