For years the human race has abused the Earth, raping its land and killing its creatures. In our haste for development and discovery, we continually ignore the impact of our greed. Despite our knowledge of the repercussions that our actions have on the planet, we still continue to destroy it. Now, it seems, the planet has finally decided to fight back. Natural disasters ravage the world, while people scramble to save themselves. On the day the terror strikes New Jersey, Ryan finds a strange dog on his doorstep. The dog looks like an average stray, but Ryan soon learns that this is no ordinary canine. Guided by this extraordinary dog, Ryan travels across the countryside, surviving everything from raging fires to explosive earthquakes. Along the way, he is joined by other survivors, and together they are witnesses to the evils and injustices of man. To stay alive, Ryan must not only put his faith in this unique dog, but in himself as well. Soon, Ryan realizes that he's not only fighting for his own survival, but the survival of all mankind.
