Will a 1000-year old Mayan legend, discovered by Himmler's SS in the 1930s in the Yucatán, Mexico save the world from destruction when the Mayan calendar ends on December 21, 2012? The Mayan Manifesto, a fast-paced suspense novel set in San Francisco and Chichén Itzá, Mexico in the fall of 2012 follows the quest of Alexandra King and her fellow college students who seek to answer the question raised by conspiracy theorists and Mayan scholars alike: does the end of the Mayan calendar portend the end of the world and is there anything to be done to save it?
