A different kind of coloring experience, Art Full is a layered - and yes, artful - coloring book for adults and teens. As you colour each of the 41 images, shapes, images and messages are revealed. Coloring pages include various styles of mandalas, animals, nature scenes, abstract images and more. Unlike many coloring books on the market, there are no computer-generated images - each illustration is hand drawn. The most unique images were artfully drawn by Dina Belaia where a word or phrase is incorporated into and depicted by the illustration with some having a further layer where the word can be broken into two and both meanings can be seen in the image. "Feeling blue," "fall-ing," "fr-agile" and "green thumb" are a few examples of the words and phrases used in this unique lettering art.
