## **Black Chord** Vivien Goldman

A celebration of Black music in original photography and text. *The Black Chord* bridges the boundaries between blues, rock, funk, jazz and world music. This lavishly illustrated book makes the historical, social, personal, and creative connections between great Black musicians from around the world. Tracing the history of today's music, it delves into the ancestral source that will continue to enrich the pop charts in the future.

Organized by themes such as Roots & Culture, Heart & Soul, Revolution, and Explorers. *The Black Chord* celebrates the idea of a musical thread that travels throughout the world expressing a sensibility unique to each region. This thread weaves through every place, changing its culture and music. In this comprehensive and unprecedented survey compelling portraiture is combined with a fascinating history, including highlights from the author's interviews with such luminaries as Bob Marley, Missy Elliott, Cassandra Wilson, Curtis Mayfield, and more, to create an insightful, in-depth volume.

*The Black Chord* a landmark depiction of the cultural cross-fertilization that is the foundation of today's pop. Following a circular path, music has traveled from its return and recreate itself: Senegalese rhythms survived slavery and flourished in New Orleans to become jazz and rhythm & blues which informed Jamaican reggae, which influenced New York hip-hop, which in turn-completing the circle-inspired young rap artists in Senegal. This is a centuries long saga that continues to energize musicians in every genre.
