I Remember Jim Morrison Alan R. Graham

The Jim Morrison you know, unlike most public figures, is largely based on accounts of the last five years of his life. More than forty books have been published about him, and each one reveals nothing more than the last. The reason for this is because no one in the Morrison clan has ever revealed the true details (nor will they ever) about Jim's life inside the family. My personal account of these events provides rare glimpses and intimate insights into the other side of Jim Morrison and the people who loved him. --A. R. Graham
