Many similar books have been written on the Epistle to the Romans, but here is one that is different. In this short work we find Dr. Scroggie at his best. His microscopic mind, expressing itself in characteristically alliterative language, brings to life two sections of a well-known letter. There is an even balance about these Bible Readings which is most refreshing. The doctrinal aspect of Christian teaching is not emphasized to the exclusion of the practical; the two are shown to be complementary one to the other. Herein, the superficial reader will find faith strengthened and Christian life challenged; the searcher will discover many things the development of which will give hours of pleasurable study; wherein 'the meditation of Him shall be sweet'.
